

SNG
NOVA GORICA

PRODUCER: SNG NOVA GORICA

TENA ŠTIVIČIĆ 64

Director: Nina Šorak

Duration: 2 hours, no break

Number of actors: 7

Transportation of equipment: External transport

TECHNICAL REQUIREMENTS

STAGE

Minimum width: 7 m portal

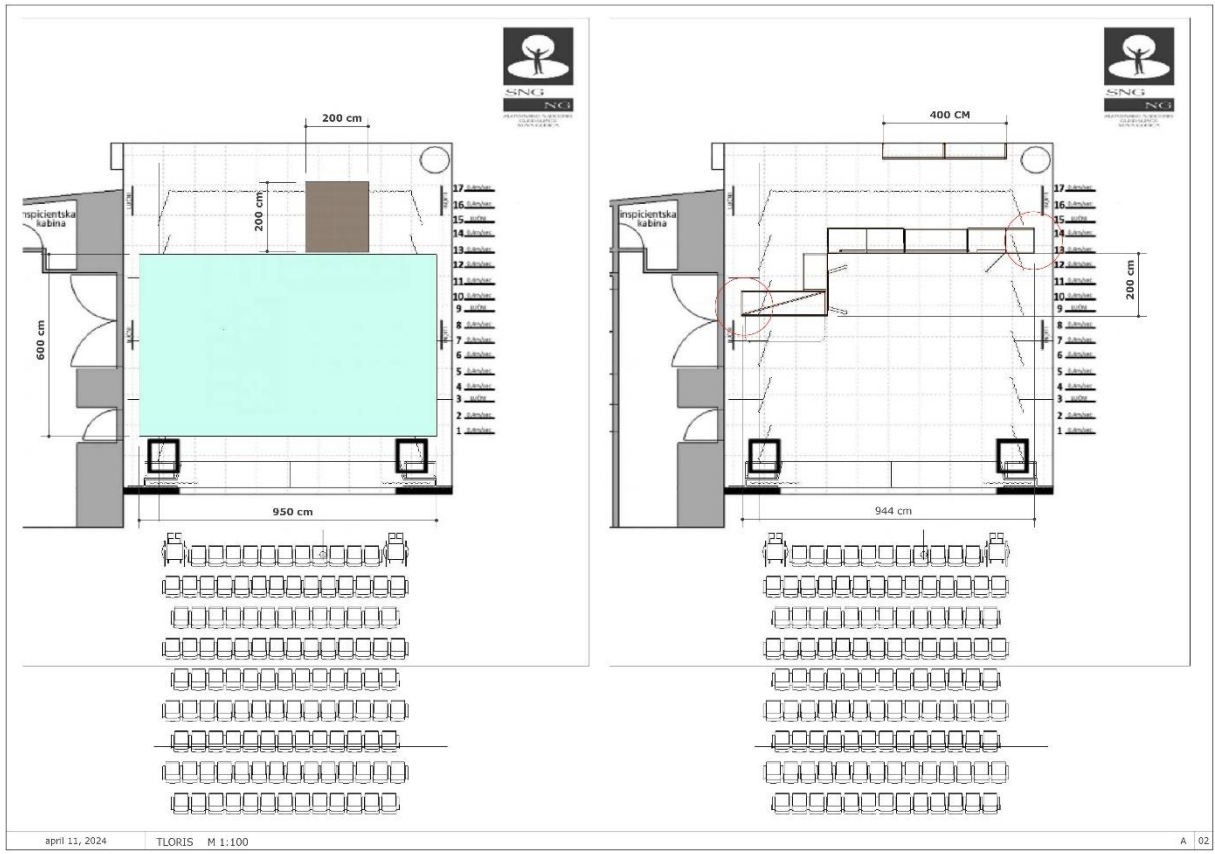

Minimum depth: 10 m

Minimum height: 4.5 m

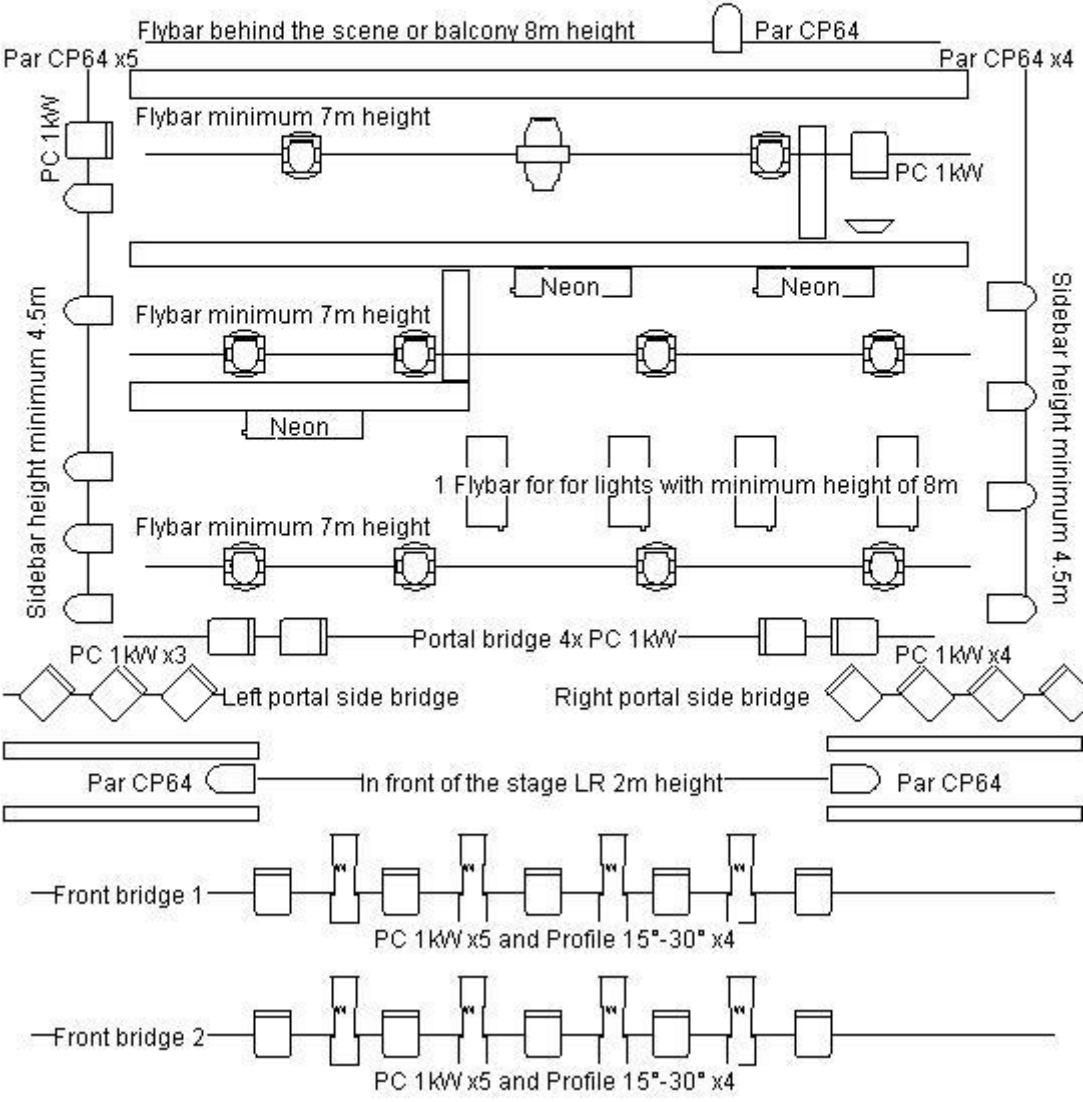

Number of fly bars: 3

Number of lighting bars: 3

More photos and info: <https://www.sng-ng.si/sl/repertoar/arhiv-predstav/64/>

LIGHTING PLAN

SOUND

Microphones:

1 x Sennheiser SKM 2000 handheld wireless microphone

1x AKG 451 condenser microphone

4 x SM 58

Stands:

2x stand with base (e. g. K&M 26050)

Sound system:

1x full range horizon

2x full range side fill

L-R main PA

L-R surround (surround back)

Yamaha M7CL or equivalent.

It should be placed in the auditorium with visibility of the entire stage. A closed cabin is not acceptable.

Input 6x mic + 5x sound card (if Dante not available)

Output 7 (separate lines to PA)

220V 16A tone electricity, separate from lamp electricity.

We need the help of a sound engineer for installation and regulation.

We will bring our own computer, everything else should be provided by the host.

WARDROBES

Number of dressing rooms: 3 actresses and 4 actors

We need a makeup room with a mirror and a dressing room(s) with showers and towels.
